

## Capture your photos from anywhere

### Draft 2.0 IEEE802.11n 2.4GHz Wireless Virtual USB Storage

- Photo Updates from Various Sources
- Plug and Play
- High-speed Wireless-N (draft802.11n) Networking
- EZ Security Setup

### Photo Updates from Various Sources

Equipped with wireless Internet access, your photo sources are not restricted to the internal memory of your digital photo frame or external memory card. You can update and view your photos from your sharing folders on you PC in network or your online photo sharing account like Flickr or Picasa. Also via the universal USB interface, your photos can be delivered to USB host enabled device, such as digital photo frame, flat TV.

### Plug and Play

No additional driver needed; No difficult operation. And by use of UPnP (Universal Plug and Play), you can configure WMS-2400N easily and conveniently.

### Ultimate Performance

With IEEE802.11n and high speed USB2.0 technology, WMS-2400N delivers incomparable performance, which makes your high quality photos reach your photo frame or USB host enabled device in seconds.

### EZ Security Set up

With WPS support, the highest level of security could be automatically established between WMS-2400N and WPS-enabled wireless AP to protect the wireless traffic from hackers or unauthorized users. The WMS-2400N is equipped with EZ Security setup. Simply with one button pushed, users can easily configure the WMS-2400N to connect with WPS-enabled AP.

## Specification

<b>Model</b>	WMS-2400N
<b>Produce Description</b>	Wireless Virtual USB Storage WMS-2400N
<b>Remote Photos</b>	
<b>Shared Photo Folders</b>	10 (max)
<b>Online Photo Sharing Account</b>	Provider: Account amount (max)
	Flickr: 2
	Picasa: Supported in Next Version
<b>USB</b>	USB2.0, Slave
<b>Wireless</b>	Standard: IEEE802.11n(draft2.0), 802.11g, 802.11b
	Mode: Station
	Security: Open System, Shared Key, WPA/WPA2, 64/128/152-bits WEP, WPS
<b>Included Accessories</b>	AC-DC Adapter
	User Manual
	PC Software CD
	Quick Start Guide
	USB Cable
<b>Dimension (L×W×H)</b>	40 × 70 × 10 (mm)
<b>Power Supply</b>	Output: 5VDC @ 2000mA (switching)
<b>Warranty</b>	12 Months
<b>Systems Requirement</b>	Desktop or notebook PC with Intel® Pentium® 300 MHz-compatible processor or higher
	Available USB 1.1 or USB2.0 slot
	Microsoft® Windows® Vista TM or XP
